

Become an EDC Investor

We are a non-profit 501c6 and your contribution to our office provides the primary source of funding for our Economic Development work. Our largest investor is the City of Brighton paying for employee salaries and benefits, while our private Investor funds support our day-to-day operations and programs to assist and support our local business community. Our Investors each provide a \$5,000 investment annually. You can see the full list of Board members [HERE](#).

We host a variety of events throughout the year to include networking opportunities with our Investors, Board of Directors, City Council and other prominent dignitaries, as well as the local business community.

Your investment will bring you highlighted sponsorship and recognition at the following events and publications:

- Annual Holiday celebration and networking with Brighton's newest business owners
- Annual Brighton Business Appreciation and Award Luncheon
- Annual Investor Appreciation Luncheon
- Development Summit sharing local economic activity and economic trends. (This event generally draws regional attendance from the Real Estate Community to include Brokers, Developers, Realtors)
- Annual business networking event with Brighton business leaders and community partners
- Business recognition through EDC marketing materials and referrals

Understanding the needs of our business community and how we can improve the business climate in Brighton is a vital piece to the work we do. As an Investor of the Brighton EDC, you will meet every other month with the Brighton City Manager, Board Officers, Board of Directors and myself to discuss the most current economic development activity occurring in and around Brighton. **Our Board meets for lunch every other month on the 3rd Monday from 11:00 a.m. – 1:00 p.m. in our office.** Should you decide to join as an Investor, we request a commitment that a designated representative from your company will attend these meetings so we can make quorum. If you are not able to attend every other month, you can decline your seat on the Board and only attend the Annual Meeting and other events we host throughout the year.

Join us through our business outreach program to support the local business community. We strive to improve our relationships with local business owners to gain a better understanding of their needs, while connecting them with services and resources to help them grow. We are always eager to connect our local businesses with resources and services when needed, we refer to our Investors first, then the local business community. Additionally, we have a \$10,000 business grant to support our commercially owned Brighton business owners.

Please let me know what questions you may have and if you will accept our invitation to join as a Brighton Economic Development Corporation Investor.

Robin Martinez, CEO
