

About Lesley Cortez

Lesley Cortez has been a financial advisor with the same firm for more than 20 years. Her journey with the company began in a unique way – she and her husband were originally clients. Not long after, Lesley joined the team and has been passionate about helping individuals and families pursue their financial goals ever since.

Lesley and her husband raised their three sons here in the Brighton community and consider Brighton to be an incredible place to call home. Over the years, Lesley has enjoyed volunteering for many of their sports teams and school activities, which gave her the opportunity to connect with so many wonderful families in the Brighton area.

As the Brighton community continues to grow, Lesley looks for new ways to give back beyond the sidelines. She values the opportunity to support Brighton's growth and help local businesses thrive while continuing to serve the people who make this community such a special place.
